Description

The Acoustic Peace Club offers up a blend of acoustic folk - with such great artists as Doc Watson, New Grass Revival, Indigo Girls- such traditional greats as Pete Seeger, Arlo Guthrie and John McCutcheon and topically important artists such as Emma's Revolution, Ani DiFranco and Si Kahn. We pull a lot from 70's and 80's Folk & Acoustic- from Blues to Bluegrass - and we do it all with a big heart. We include as many requests as possible and love hearing from listeners in the Bay area and around the world.

Venue: WMNF Studios

[View on website or Get Tickets](#)

WMNF and Living Mirror Playback Theater will host a monthly Community Talk-Back and Improv Show in the WMNF Live Music Studio at 7pm, usually on the 4th or the last Friday of every month.

The subject of each event will be based on our monthly Mission Calendar, covering topics such as economic justice, environmental issues, and more. We invite community activists and interested listeners to come and share their thoughts and experiences.

Then Living Mirror will "playback" those stories using improv techniques. It will be a compelling evening of community sharing and theater - and these shows are free - but space in our studio is limited, so please reserve your seat below!

The next show will be Friday, September 22nd, at
